## PSYCHED

### PRE-WORKOUT ACTIVATOR

**Basic Functions: Energy, Strength, Vigilance, Muscle Pump**

**Lemon Flavour 250g (50 serves)**

**Gen-Tec's psyched** is a dietary supplement for use by athletes and body builders before intense exercise.

The synergistic blend of concentrated amino acids in psyched are designed to aid athletes' and body builders' ability to perform at their highest personal level.

**Psyched** concentrated ingredients and functions are as follows:

- **Tri Creatine Malate** is a form of Creatine more stable than monohydrate designed to increase energy, strength and explosive power.
- **Beta Alanine** promotes carnosine production in the body which may improve an athlete's anaerobic threshold by buffering lactic acid. It is useful for improving muscle endurance.
- **Arginine AKG** is a powerful amino acid used in the body for natural creatine production and is a nitric oxide pre-cursor thereby encouraging a rapid muscle pump.
- **Acetyl Tyrosine** and **Phenylalanine** are two of the amino acids which cross the blood brain barrier to produce neurotransmitters for increased alertness and focus.
- **Caffeine** is a widely used central nervous stimulant, increasing elevation of mood and vigilance.

#### **Suggested use:**

Mix one concentrated teaspoon of Psyched in water and consume 20 minutes before exercise

**GEN-TEC**
